

How to Schedule a practice in TeamSideline

Scheduling a practice in our system (TeamSideline) is a way to keep our teams organized. In no way does it give you the right to the field if another person beats you to the field (a softball team, a dad playing catch with his kid, for example). In Naperville, it is first come first serve to the fields in regard to practices. HOWEVER, NPD programs DO have permits for practices (softball, baseball, etc.), therefore, they do have priority on fields for practices.

Furthermore, when the park district pulls permits for the fields, we must shut down the fields in the system and if your team is scheduled for a practice at one of the fields we play games on, your entire team will be notified that practice is cancelled. IF YOU DON'T WANT THIS TO HAPPEN, DO NOT SCHEDULE PRACTICE IN THE SYSTEM ON A FIELD! Finally, if the field is "lined" that means it is prepped for a game that is going to be played that day and you are not allowed to practice on it.

In many people's opinion, it is best to use our system to schedule a practice as "TBD" and in the note section list where you are practicing (grassy area of Meadow Glens, for example). Rookie Managers, this may be a good option for you.

If you choose to practice on a ball field, see below: **Only Drafted Managers are allowed to practice on Knoch 5, Dupage 5, The Beach, Nike 1 and Nike 3.**

Each Wednesday at noon you can schedule **1 time slot for practice on a field** through the following Sunday. If you are scheduling a 4:30pm practice and there is a game at 6pm on that field, please be respectful of the teams playing. You **MUST** be off the field no later than 5:30pm and courtesy would probably have you off the field by 5:15pm.

1. In one tab go to nllb.org and select **Schedules** to open the field schedule.
